

# 2350 ULTRA CENTRE CAB

## 7M OFFSHORE FISHING MARVEL

The new 2350 Ultra Centrecab from Stabicraft® is the latest to join our 2350 range on top of the proven Supercab offshore performance hull. With unparalleled fishability via a full walkaround deck space, monstrous cabin volume thanks to the lean forward glass and many transom options to suit all types of fishing, the 2350 Ultra Centrecab is a fisherman's dream vessel packed with ample space and luxurious comforts.

**STABICRAFT®**

ADVENTURE WITH CONFIDENCE.

# 2350 ULTRA CENTRECAB

## UNPARALLELED FISHABILITY

360-degree fishability right around the boat is the standout benefit of the Ultra Centrecab. No other layout combines the ability to fish all the way around the boat while still providing a comfortable fully enclosable cabin, complete with double berth. It's a highly versatile layout which aims to put fishing needs first but not at the expense of other must have creature comforts.

## MONSTROUS CABIN VOLUME

Stabicraft's 'Ultra' lean-forward windscreen treatment vastly increases the spatial volume in the cabin compared with a conventional raked-back screen. The helm position and pilot's seat can be positioned much further forward in the cabin and the occupants' heads are comfortably away from the windscreen. The consequence of that is a cabin that can seat up to 6 people all inside the cabin which still provides a comfortable double berth. The longer roof, extending forward over the dash helps keep sun off the instrumentation, reducing glare and increasing screen contrast even in bright daylight.

## TRANSOM OPTIONS GALORE

Multiple transom options are available to suit a multitude of different fishing styles whether crabbing in a harbour or chasing billfish out wider. For longer fish there are insulated fish boxes available in both central style or  $\frac{3}{4}$  width and both fish boxes can double as live wells. Stabicraft's Superfish transom option has a top-mounted live bait tank accessed through a side-sliding bait board and is equipped with a large tackle storage drawer. There are two different game fishing transoms too, one incorporating 2 tuna tubes and the other with 1 tuna tube and a larger live bait tank. All three have built in leader spools and four welded rod holders in the bait station.

## SPECIFICATIONS

Hull Length	7.17m (23.5ft)
Beam Width	2.55m* (100.3in*)
Boat Height Min/Max	2.57m (101.2in)
Dry Hull Weight	1510kg** (3329lb**)
Maximum Persons	8
Maximum HP Limit	350hp
Min Recommended HP	225hp
Motor Leg Length	25in/30in/25in Trimount
Max Aux Motor HP	15hp
Internal Beam	1.97m (77.6in)
Internal Gunnel Height AFT	814mm (32.0in)
Outside Chine Width	2.36m (92.9in)
Deadrise AFT	17deg
Life Ring Thickness	4mm + 4mm (0.16in + 0.16in)
Hull Thickness	6mm (0.24in)
Fuel Tank Capacity	400L (106gal)
Total Sealed Chamber Volume	1870L (66.0ft <sup>3</sup> )
Life Ring Chamber Volume	1215L (42.9ft <sup>3</sup> )

\* Beam Width is 2.50m/98.5 in Australian market only, all other markets is as listed. \*\*The recorded weight is a guideline. Actual dry weight will vary boat by boat dependent on the package selected and additional options included.

# 2350 ULTRA CENTRECAB PACKAGES

## ADVENTURE

The Adventure package comes with the essentials you need for boating but leaves the appointment of comfort features completely up to you.

This entry level package makes the transition into a 7m+ boat a more realistic option for those looking to move up in size.

As an unpainted base package, the Adventure represents excellent value for money but still includes all the necessary features like; dual wipers, 2-rung boarding ladder, fish deck lighting, bow rail, a welded tread plate floor and EVA decking on the coaming tops & walk-around. It has elite bolster seats on top of Stabicrafts' proprietary blade seat frames that allow for convenient stowing of cooler bins beneath.

The transom is appointed with a very practical insulated central fish box with sliding bait board and dual slide-away corner seats.

## SPORTFISH

The Sportfish package showcases the most popular options typically selected on a 7m+ hard top.

The package includes all the standard essentials already included in the Adventure package plus the additional comforts of a canvas rear wall to keep you warm and dry, a V-berth in the forward cabin extendable to full length, EVA cabin lining, folding passenger seating and Elite bolster suspension seats at the helm.

It sports a superbly appointed Superfish transom including a lockable drawer, 2x leader spool holders, a top mounted live bait tank and a sliding bait board.

The Sportfish is finished in Stage-1 belting up gloss paint and comes ready for a range of additional upgrade options.

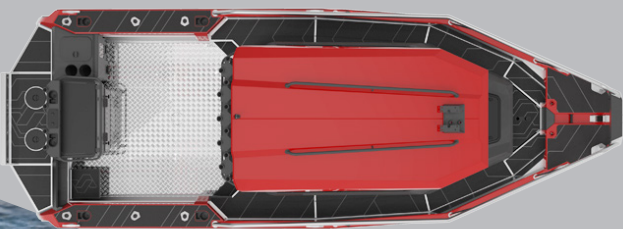

## PROFISH

This premier package suits the more discerning buyer looking for comfort and aesthetic features as standard that enhance their time on the water. The Profish has all the included items of the Adventure and Sportfish packages but adds to that the most popular creature comforts. The pontoon chambers are closed cell baffled for noise reduction, the fully welded floor is appointed with 6mm EVA decking in a range of 4 colours. There are 2x blue underwater lights fitted at the transom and additional blue-toned ambient courtesy lights are tucked discretely into the coaming pockets and walk-around. The stereo system is upgraded to a premium RA670 Fusion with 4x speakers. The bow rail and all handrails are powder coated to match the cabin and finally the Profish is finished in Stage 2 gloss paint which extends down to the bottom of the life-ring.

2.55m (100.3in)  
2.50m (98.5in) AU only

7.17m (23.5ft)
