

1850 SUPERCAB X1

The 1850 Supercab X1 is our new entry Supercab boat competitively priced to meet market demand for a well-featured 'all-rounder' vessel.

Using the same hull and cabin structure as its predecessor, the 1850 Supercab, the X1 still features everything the 1850 Supercab has proven with the exception of a modified transom box and Skipper seats.

Packaged with a 90hp outboard the 1850 Supercab X1 is a perfect entry-level model for the fisho or family looking to create memories for a lifetime.
